

Bedenham Bike it!

On Wednesday 28th January we held a Bike Dr session where you could bring your bike to be safety checked and in some cases repaired. Ray Craig from Sustran and Guy P from Gosport Bicycle Recycle spent 4hours working through the mass of 60 bikes. We were all amazed at the amount of bikes we had in.

During break time the children and staff had a chance to make their own smoothie using Ray's smoothie bike. It was amazing and there were lots of volunteers to blend some wonderful fruits to make a refreshing healthy drink.

Many thanks go to Ray for bringing the bike and supplying the juice and fruit. Hopefully it gives staff and children a different idea for trying more fruits.
